Secure Upload Site Instructions
&
Electronic Accreditation Application Requirements and Resources Guide
for Concurrent Enrollment Program & College Provided Faculty Model Endorsements

The NACEP Accreditation Commission will only accept electronic application submissions via its secure, password-protected document upload site called Box, a web-based secure file storage system. This application helps facilitate file sharing with Peer Review Teams, provide security for confidential documents, and storage of digital archives of accreditation reviews. This document provides instructions and links to pertinent resources to assist applicants in organizing their application materials and evidence.

NOTE: NACEP creates the institutional folder for the accreditation application in Box in a specific sequence for the standards and the subfolders. See section ***Electronic Accreditation Application Requirements*** in this document for detailed information.

I. SECURE UPLOAD SITE INSTRUCTIONS:

A. ACCEPT THE INVITATION:

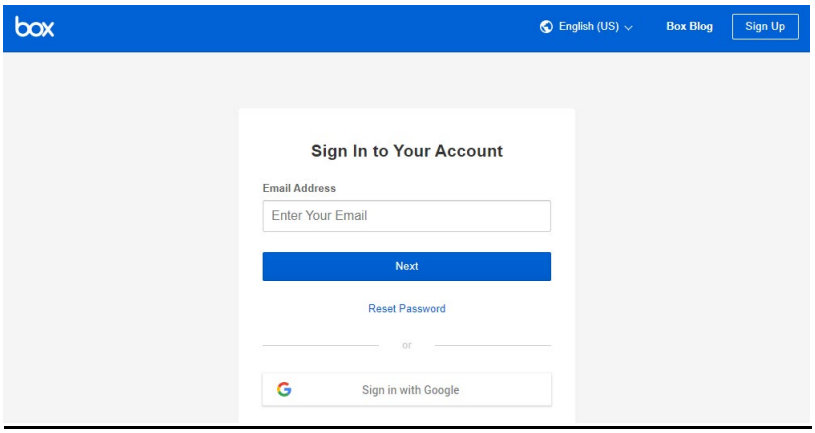

Follow the link in the email and accept the invitation as an **Editor** to your institutional folder for your college's accreditation application. Only share the invitation link with individuals who you want to have **Editor** access to the folder.

B. CREATE A FREE BOX.COM LOGIN:

If your college uses Google Apps or Gmail, visit http://www.box.com/ and follow the link to "Sign in with your Google account". If not, create a login with Box.

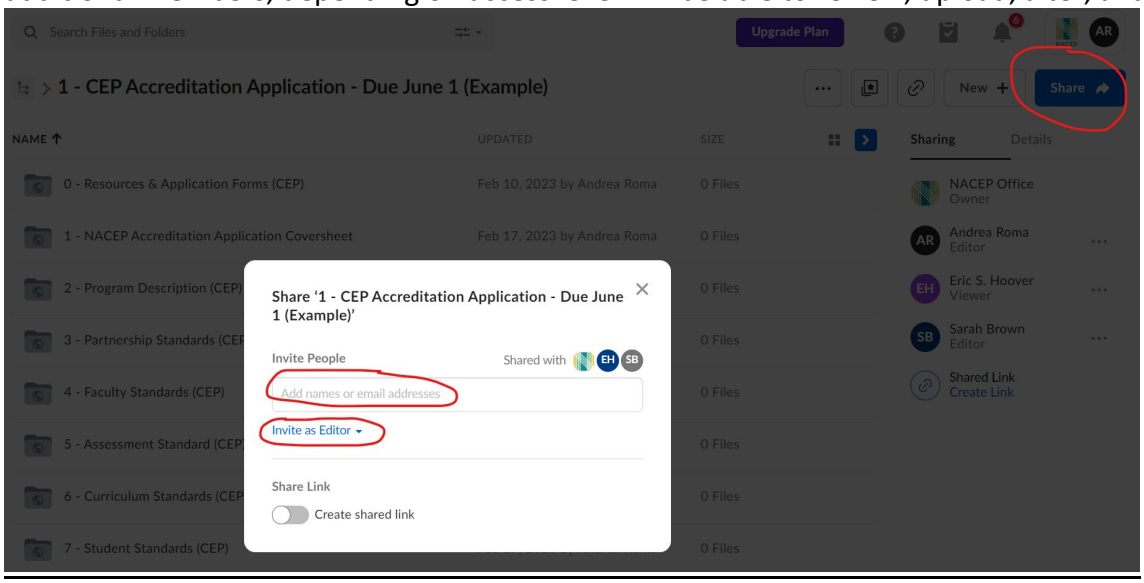

C. LOGIN:

Go to http://www.box.com/ (not the invitation link) to log in. You should see your institution's folder.

D. INVITE ADDITIONAL TEAM MEMBERS:

Confirm you are viewing your institution's application folder. Click on the "**Share"** blue button to the right of the screen. Enter the email address(es) and specify the access of **Editor** or **Viewer**. These additional members, depending on access level will be able to review, upload, alter, and/or delete files.

II. ELECTRONIC ACCREDITATION APPLICATION REQUIREMENTS:

A. GETTING STARTED:

1) We encourage programs to build and organize the application materials on their personal desktop computer, following the same folder name and structure, as shown below, prior to uploading the application materials and evidence into Box
2) **DO NOT** create additional folders/sub-folders or rename the folders within your institution's Box folder
3) The purpose for the folder structure is to promote and enhance the time and effectiveness for Peer Review Teams to review your application and evidence
4) **REQUIRED APPLICATION FORMS & STANDARDS COVER SHEETS:** Download all required application forms and cover sheets you will need to submit with your evidence, refer to section II.D.1.-3. for detailed information
5) Provide the required evidence and information first and if there is a need for additional information and evidence be aware of the number of files, as to not inundate the Peer Review Team

For review consideration, ALL required cover sheets, application materials, and evidence, must be uploaded to the file storage site (Box).

B. FOLDER STRUCTURE IN BOX:

NACEP creates the institutional folder in Box with corresponding folders for the standards. Refer below for the standards and subfolders directory.

0 – Letter of Intent 1 – NACEP Accreditation Application Coversheet 2 – Program Description 3 – Partnership Standards • P1: Partnership Standard • P2: Partnership Standard 4 – Faculty Standards • F1: Faculty Standard • F2: Faculty Standard • F3*: Faculty Standard • F4*: Faculty Standard 5 – Assessment Standard • A1: Assessment Standard (Subfolders for A1.1:Paired Assessments & A1.2: Statements of Equivalency+*)	6 – Curriculum Standards • C1: Curriculum Standard • C2: Curriculum Standard (Subfolders for C2.1: Paired Syllabi & C2.2: Statements of Equivalency+*) • C3*: Curriculum Standard 7 – Student Standards • S1: Student Standard • S2: Student Standard • S3: Student Standard • S4: Student Standard 8 – Evaluation Standards • E1: Evaluation Standard • E2: Evaluation Standard

+Statements of Equivalency are evidence in two standards of CEP only (A1: Assessment & C2: Curriculum Standards)
*Does not apply to the College Provided Faculty Model

C. TECHNICAL REQUIREMENTS:

1) **ONLY acceptable file formats in Box:**
   a) PDF, DOC(X), XLS(X), PPT(X), or HTML
   b) File names less than **40** characters and contain the standard (e.g. S1), succinct description of document (e.g. S1_Registrar_Letter.pdf)
   c) **ONLY** include in file names: letters, numbers, dashes "-", or underlines "_"
   d) **DO NOT** include spaces, colons, slashes, parentheses, punctuation marks, or symbols
   e) **ONLY** use Periods "." prior to a file type designation (e.g. ".PDF" or ".DOCX")
   f) Maximum upload file size is **15 MB**
2) **Scanned Documents:**
   a) PDF format only
   b) Balance resolution (e.g. legibility) with file size, generally less than 1 MB per page
   c) Rotate pages in correct format based on orientation (portrait or landscape)
3) **Links to Websites:**
   a) For illustrative purposes only
   b) To consider information on a website as evidence, a COPY or SCREENSHOT (HTML, PDF)

must be uploaded with the applicable standard evidence

c) Be sure and test all links within documents work and must open in a new browser or application window (e.g. Word or Acrobat)

d) DO NOT link documents within documents. Screenshots with links can be helpful and provide reference and quick evidence location versus searching a webpage.

4) **Documents with several pages** should include a table of contents, bookmarks, index, and/or a note explaining how to navigate the file

D. ORGANIZATIONAL REQUIREMENTS FOR EVIDENCE:

1) **NACEP Cover Sheets:**

a) Are REQUIRED DOCUMENTS, and must be within each standards' folder within your accreditation application along with the standards' evidence

b) Be sure to complete the NACEP Accreditation Application Cover Sheet for CEP & CPF

- This cover sheet is also located in the "Application Forms and Cover Sheets"
- If applying for both CEP and CPF, include this cover sheet in each application folder

c) Should reference each piece of evidence for that standard and if a description is required, this should be within the cover sheet

d) Download in Microsoft Word (.doc) format to easily type in your response/narrative for the standard and evidence descriptions, when complete, upload to the appropriate standard folder, refer to section II.D.5. for additional information

e) Refer to the NACEP Accreditation webpage: "Application Process & Resources" option, under "Step 4: Prepare & Submit the Accreditation Application", click on "Application Forms and Cover Sheets"

f) These are in the same numerical order as your standards folder in Box for your institutional accreditation application

2) **Required Evidence for each Standard:**

a) Utilize your approved discipline/course list from your Letter of Intent for:

- Program Description Cover Sheet – Provide a copy of the list and include the number of disciplines and courses on the cover sheet
  - These cover sheets are located in the "Application Forms and Cover Sheets" within each CEP and CPF cover sheets folder
  - If applying for CEP and CPF, complete the cover sheet for each of those programs and place in each of the application files
- Standards that require evidence from each discipline (C2, C3, F2, F3, A1)
- Statements of Equivalency (A1, C2)
- Additional evidence: don't include numerous page docs, email chains, or appendices

3) **Organizing Your Evidence Files:**

a) **Statements of Equivalency** are required evidence for CEP standards A1 and C2 (see folder structure in section II.B. of this document)

- Upload the Statements of Equivalency in the designated folders for A1 and C2 –

you will be upload the same thing twice, this will allow efficient access and review by the peer review team

- Refer to the Statements of Equivalency Guidelines (Appendix B) in the Accreditation Guide for CEP as this information can help guide faculty liaisons in writing their statements

b) Evidence Document for Multiple Standards
   - Include a single copy in the first standard it references, and for following standards, clearly reference in the cover sheet its location and page # (if applicable) or,
   - Create a document link in the cover sheet for seamless transition to the evidence file (remember to name the file the same in the cover sheet, if using the link option) or,
   - If neither option above is helpful and adding the evidence (applicable page(s) or excerpt only) is more appropriate, please do so, especially if it assists the Peer Review Team

c) For files identifying disciplines, each file name must consistently named
   - EXAMPLE: C2_Biology_Letter.pdf

d) C1 Standard: If the entire Campus Course Catalog is evidence
   - **Online PDF File:** Provide bookmarks, highlights and/or page numbers for each course offered
   - **Online via Webpages:** Provide a document with screenshots of the description for each course offered **-or-** a document or webpage with hyperlinks directly to the description of each course offered

e) Syllabi and Assessment Paired Documents – each file name must include the discipline and identify as CEP/CPF or campus.
   - EXAMPLE: A program that offers CEP courses in five different disciplines will have 10 files of paired syllabi, once uploaded the files will each pair together through alphabetical order

Art_A109_CEP.pdf	Art_A109_Campus.pdf
Business_B104_CEP.pdf	Business_B104_Campus.pdf
English_W131_CEP.pdf	English_W131_Campus.pdf
History_H105_CEP.pdf	History_H105_Campus.pdf
Journalism_J120_CEP.pdf	Journalism_J120_Campus.pdf

f) C2 Standard: Learning objectives must be highlighted in the CEP and Campus syllabi

4) **Helpful Information:**
   a) When compiling your narrative for each standard's cover sheet, use the required evidence number (at the top of the cover sheet) to identify what description goes with each evidence's narrative and be sure to recap at the beginning of your evidence narrative what the narrative references
   b) When naming files that do not have a required file name, use key terms within the standard's evidence, as displayed in the CEP and CPF Accreditation Guides, as this allows

Peer Review Teams a quick identifier to help guide them through your application and connecting evidence files

- EXAMPLE: P1_ABC College Organizational Chart
- EXAMPLE: P3_Faculty Liaison Discipline & Course Listing
- EXAMPLE: P3_Faculty CEP Handbook
- EXAMPLE: P4_CEP Director & VPAA NACEP Partnership Form Signed

c) Use numbers to at the beginning of the file name to display a specific order, especially if it will enhance the review process for the Peer Review Team and maintain the numerical consistency from one standard to the next if implemented

- EXAMPLE: 01 - F2_Instructor Credentials & Qualifications Listing
- EXAMPLE: 02 - F2_Samples of CEP Instructor Applications

d) Though using links of web pages within documents is discouraged, it is possible to create a document link within your cover sheet to link the evidence document within that standards folder of Box, creating a seamless path from cover sheet evidence description to the file, be sure to use the same file name as the one you are linking too (if appropriate)

e) Do you have a helpful suggestion you would like to share? Email accreditation@nacep.org and Thank You for sharing!

5) **Upload Your Evidence to Box:**

a) **Chrome Users:** To ensure proper upload to Box, you may upload small batches at a time in the applicable standard folders, either one by one or selecting multiple files at a time on your computer and drag and drop into the Box window

b) You can also select "Upload" from the Box window and select files from your computer file

c) **Box Sync** will allow you to work with the files on your hard drive and can sync the folder on your hard drive with the cloud-based site. It can be downloaded at: https://app.box.com/settings/sync , from your browser you will need to mark the folder as one you want Synced on your computer and click on "More Actions" then "Sync"

d) **Other Internet Browsers** require to install and unblock Java

- Click on the **down arrow** next to the **Upload** button
- 

and select **Upload Folder**
- A **Drag and Drop** window appears (depending on your security settings, you may need to enable popup windows for the site)
- From your local file explorer window, you can drag entire folders to the Drag and Drop window
- Click on **Upload** to send the files to the site.
- If there are any errors with particular files upload them individually

e) You **cannot upload Zip Files to Box**, especially with the drag and drop upload feature. You will need to extract the files from the zip drive into a folder on your desktop, then upload the information to Box

6) **Restrictions to Box:**

a) **DO NOT USE** the collaboration features such as **Box Note**, **Bookmark,** or **Comment** in Box for the accreditation application

7) **Submitting Your Accreditation Application:**

a) Prior to submission, we recommend an individual(s), not associated or familiar with your program, review the application to confirm clarity and organization of information and evidence
b) To finalize the submission to your application, email accreditation@nacep.org

III. GUIDES & RESOURCES:

NACEP prepares a number of resources to assist applicants during the NACEP accreditation application process. Reference the links below to access these frequently used resources, along with required cover sheets and forms for the application process.

1) NACEP Webpage: www.nacep.org – refer to the Accreditation menu for information
2) NACEP Accreditation Guide for Concurrent Enrollment Program Endorsement CEP)
    a) Statement of Equivalency Guidelines (Appendix B) – This information can help guide faculty liaisons in writing their statements (evidence for CEP Standards A1 and C2 only)
3) NACEP Accreditation Guide for College Provided Faculty Model Endorsement (CPF)
4) Accreditation Application Forms and Cover Sheets – REQUIREMENT for the application
5) Discipline Template for Applicants (CEP & CPF)
6) Review the Virtual Site Visit Information Guide and Agenda Template
7) NACEP Program Evaluation Guide & Toolkit webpage
8) NACEP Survey Guide
9) NACEP Issue Briefs: The Classroom Visit, the Discipline-Specific Professional Development for Continuing Instructors, and the Initial Course-Specific Training for Concurrent Enrollment Instructors
10) NACEP's Resource Center and Publications webpages, located under the "Resources" menu option of the main NACEP website
11) Refer to www.nacep.org for more information and resources

IV. FOR ADDITIONAL INFORMATION, ASSISTANCE & QUESTIONS:
